**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30TH JUNE 2015**

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

The financial report covers company is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purposes financial statements that have been prepared to meet the needs of the members.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below which the director has determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless stated otherwise. The reports are complied with AASB 1048 'Interpretation of Standards', AASB 108 'Accounting Policies, Changes in Accounting Estimates, and Errors'. Any changes in accounting policies and estimates and errors must be reported in the financial statements as required by AASB 108.

The financial statements have been prepared by applying the accrual basis and going concern basis of accounting. They are based on historical costs and do not consider changing money values or, except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of these financial statements:

a) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

The accompanying notes form part of these financial statements.

These financial statements have not been subject to audit or review and should be read in conjunction with the attached Compilation Report.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30TH JUNE 2015**

b) Property, Plant and Equipment

Property, plant and equipment are carried at cost, independent or director's valuation. All assets, excluding freehold land and buildings, are depreciated over their useful lives to the company.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in shareholders' equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

The carrying amount of plant and equipment is reviewed annually by director to ensure it is not more than the recoverable amount from these assets. The recoverable amount is assessed based on the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted in determining recoverable amounts.

c) Revenue and Other Income

Revenue is measured at the value of the consideration received or receivable after considering any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

All revenue is stated net of the amount of goods and services tax (GST).

ACN: 605 968 590

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30TH JUNE 2015**

d) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

e) Income Tax

In assessing income tax liability, the company applies the principle of mutuality to the revenue and expenses of the company. The principle of mutuality is a common-law principle arising from the premise that a person cannot profit from himself. Accordingly, receipts from members are deemed to be mutual and not subject to income tax, and expenses about mutual activities are also mutual and not deductible for taxation purposes.

All other receipts and payments are classified, for taxation purposes, in accordance with taxation legislation.

The accompanying notes form part of these financial statements.

These financial statements have not been subject to audit or review and should be read in conjunction with the attached Compilation Report.
